

## ***PROFESSIONAL TESTIMONIALS***

In my role, I find that most families do not know where to turn, and frequently feel overwhelmed by the process of searching for the right care solution. Catharine Shepard and Wendi Hashimoto are professional, knowledgeable, friendly and passionate about their work. When it comes to senior care options, they set the standard for their amazing and caring response time. They provide a high level of comfort for me to refer clients.

I just want to say thank you for the wonderful job you do. You have always responded to my requests for assistance quickly and professionally. I remember specifically calling you one Friday with a desperate need for the right placement for a patient, and you found it over the weekend! I feel confident referring families to you, knowing you will take care of them with a wonderful balance of professionalism and warmth.

## ***FAMILY TESTIMONIAL***

Senior Care Referral Specialists made my search for a quality care setting so much easier than I expected. I was going crazy trying to compare care settings for my parents. Senior Care Referral Specialists saved me time and money, guided me to the right locations to consider that were in my parents budget and that met their specific needs, and were in constant contact with me to help throughout the process. I'd recommend everyone contact Senior Care Referral Specialists for assistance with placing their parents. I sleep better at night now, and if not for them, I could possibly still be looking. One a 1 to 10 scale, I rate their services at 15!
